

ŞİŞECAM GROUP WASTE AND CIRCULAR ECONOMY POLICY

At Şişecam, we support circular economy by aiming to "**PRESERVE**" resources for future generations in line with our Sustainability Strategy, "Care for Next".

In this direction, in all our activities, we:

- Continuously improve Şişecam's standard in waste management,
- Value circular economy and saving opportunities,
- Treat waste as a material or source of energy,
- Prioritize needs on the basis of the True Cost of Waste,
- Plan and implement waste management in line with life cycle approach,
- Proceed with the accountability of our producer responsibilities together with our Suppliers.

At Şişecam, we declare and commit that we will implement these principles that guarantee business excellence.
